Household printing permission

Big Feelings, Small Moves | Progress is Progress LLC

Who this purchase covers

One purchasing household, for personal use with members of that household.

You may

Download and store your purchased files privately. Print the deck for your household, including replacement cards. A commercial print shop may produce copies solely for your permitted use; ask it to remove the working files after production.

Please do not

Share or sell the PDFs, upload the complete files to public sites or shared libraries, resell printed copies, remove branding, rebrand the deck, or distribute editable Canva files. This household permission does not cover classroom, client, agency, or department use.

Need a different scope?

An individual-professional or separately agreed department license may be available through www.progresscounselingprograms.com. Buying a physical deck does not itself grant permission to reproduce it.

Product scope

This purchase grants the use described above; it does not transfer ownership of the product. It includes no therapeutic outcome guarantee. Copyright 2026 Progress is Progress LLC, to the extent applicable. These permissions do not limit rights available under applicable law.
